Topic: Southern Company and Nuclear Power

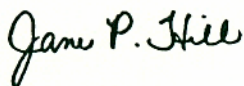

A subsidiary of Southern Company since 1990, Southern Nuclear is the licensed operator of three nuclear power plants, Joseph M. Farley, Edwin I. Hatch, and Alvin W. Vogtle. Together, these plants provide over 20% of the electricity used in Alabama and Georgia. Mr. Moorer presented an update on Southern Company's nuclear power options and plans for future generating plants.

Speaker: Thomas C. Moorer, Project Manager – Environmental
Southern Nuclear Development
